2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

We are a retired couple and due to the economy the last few years our income has continued to shrink. An almost 20% raise in electric rates is unreasonable in this economy. If the power company were in dire straits like many of its customers it would be a different matter, but with the profits they are posting this rate increase seems to be an insult to a great number of people who are struggling financially right now.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? * (This section should be completed.)

No
